Looking beyond the globalist propaganda

Hello David Ashton,

I am sending you now a document which I consider particularly relevant for the United States: it's the English translation of my original Italian statement on the Russian-Ukrainian crisis.

It is urgent and necessary that American people would understand that the Russian Federation is not any more the Soviet Union and President Putin is not a Communist dictator.

In the Russian-Ukrainian crisis, we must clearly recognize and denounce the coup d'état of the deep state worldwide, functional to installing the New World Order, involving the WEF, NATO, UN, the European Union, the IMF...

In some points of my document, I also touched on issues concerning the Biden family scandals and the great responsibilities of the American deep state.

There is a real risk that the Biden Administration will take advantage of this crisis, of which Joe Biden himself is an accomplice and responsible. There is also a real risk that it will serve to cover up his crimes, those of his son Hunter, the China virus pseudopandemic, the Durham investigation, the 2020 electoral fraud, as well as jeopardizing the mid-term elections.

It cannot be overlooked that the pre-eminent intent of the architects of the New World Order is the destruction of the Christian civilization and that Russia is currently the only country in Europe capable of facing this diabolic plan.

I hope that you will be able to help spread this statement of mine, in the hope that it may contribute to the truth, which is the foundation of justice and peace.

God bless you!

ON THE RUSSIA-UKRAINE CRISIS: A Message from Abp. Viganò, Former Apostolic Nuncio to the U.S.

DECLARATION

**of Msgr. Carlo Maria Viganò, Archbishop,
Former Apostolic Nuncio to The United States of America
on the Russia-Ukraine Crisis**

Nothing is lost with peace. All can be lost with war.

The Media Narrative

If we look at what is happening in Ukraine, without being misled by the gross falsifications of the *mainstream media*, we realize that *respect for each other's rights* has been completely ignored; indeed, we have the impression that the Biden Administration, NATO and the European Union deliberately want to maintain a situation of obvious imbalance, precisely to make impossible any attempt at a peaceful resolution of the Ukrainian crisis, provoking the Russian Federation to trigger a conflict. Herein lies the seriousness of the problem. This is the trap set for both Russia and Ukraine, using both of them to enable the globalist elite to carry out its criminal plan.
